## SEPSIS: COULD YOU BE NEXT?

### Join us for a free informational seminar

More than 1.5 million people get sepsis each year in the US, 80% of sepsis cases beginning at home. **Alison Paige Karpa, CRNP**, certified registered nurse practitioner at MedStar Montgomery Medical Center, will discuss Sepsis, a life-threatening condition that can happen when an infection overwhelms your body.

Come and learn about:

- Signs and Symptoms of Sepsis
- How do I know I have Sepsis?
- What should I do If I have Sepsis?

**Wednesday, November 28 • 6:30 p.m.**

**Manor Country Club Ballroom**

14901 Carrolton Rd., Rockville, MD 20853

To register please call **301-774-8881** or visit us online  
at **[MedStarMontgomery.org/Classes](https://www.MedStarMontgomery.org/Classes)**.
